

TECHNICAL, HEALTH AND SAFETY INFORMATION

<u>Product:</u>	DURABOND ALL PURPOSE READY MIXED FILLER
<u>Supplier:</u>	McLoughlins RS Unit 5, Northern Cross Business Park, Finglas, Dublin 11.
<u>Telephone:</u>	00353 1 8239200
<u>Fax:</u>	00353 1 8239222
<u>Description:</u>	Aqueous styrene acrylic copolymer emulsion, plasticiser, cellulosic thickeners, reinforcing fillers, pigments, surfactants and fungicide. Water based product.
<u>Physical Characteristics:</u>	Thick white paste, slightly gritty texture.
<u>Application:</u>	Convenient ready-to-use product for filling cracks and holes in most building materials prior to decorating. Takes screws and nails firmly when set. Fills cracks up to 7mm deep (per layer).
<u>Handling/Storage</u>	
<u>Packaging:</u>	Plastic tub - 750 g
<u>Handling:</u>	Avoid puncturing containers. Replace the plastic membrane after use. Keep out of reach of children and animals.
<u>Storage:</u>	Store in the original container in a cool, dry well ventilated area. Avoid temperatures below 5°C. Do not stack tubs more than 4 high.
<u>Spillage:</u>	Scrape up and dispose of according to local regulations. Wash area with detergent.
<u>First Aid Treatment</u>	
<u>Inhalation:</u>	Remove affected person to fresh air. Keep patient warm and at rest. If shortness of breath occurs seek medical advice. Inhalation

of dust generated from dried product may cause respiratory irritation and mild skin and eye irritation.

Ingestion: Rinse mouth and throat with water immediately. Do not induce vomiting. Dilute stomach contents with water or milk. May cause nausea, seek medical advice if more than 20ml has been consumed or if discomfort arises.

Skin Contact: Wash off with soap and water before the product dries, followed by an after wash barrier cream. Note contact with skin may cause drying and irritation.

Eye Contact: Irrigate thoroughly with clean running water for a minimum of 10 minutes, holding eyelids apart. Seek medical advice if irritation persists.

Fire Fighting: Standard media. The product does not support combustion in the uncured state. The product does contain combustible organic components which will eventually yield smoke containing hazardous products of combustion on ignition.

Additional Information: This product is not subject to control under the CHIP regulations.

NB. This information supplied is, to the best of knowledge, true and accurate, but any recommendations or suggestions made are without guarantee since the conditions of use are beyond our control.
